2 Water from the Naryn River and Kara-Dar'ya River has been diverted into  
3 the Bol'shoy Ferganskiy kanal imeni Stalina (Great Fergana Canal "Stalin")  
4 to irrigate some 450,000 ha in the Fergana Valley. Its head installation  
5 has been built near the Kuygan-Yarskiye Swamps, 5 km lower is the Ulugnar Canal,  
6 and a gage station at Abdusamat.
